Randstad would charge a non-refundable fee of £330.00 + Vat per student to set-up the support (this will cover all aspects of advertising for, screening, matching, training of support workers as well as administering the risk assessments and all health & safety/lone working arrangements).

We would also charge for 1 hour of work at the above rates + Vat for the support worker completing the risk assessment on their first visit to the students' home.

The fee of £330.00 + Vat, and 1 hour of work + Vat at the above rates for the completion of the risk assessment, will be re-charged where a student requires a new Non-medical helper.

The re-charge will only apply where the change is at the request of the student, and not where the NMH is no longer available to provide the support, or is unable to provide adequate support within the parameters and expectations of their role. Details will be sent monthly on the 1st of the month to the DSA office awards officers for approval before the re-charge is processed.
