

introducing MSP lite from randstad.

experience the benefits of a managed service provider before making a commitment.

Moving to a Managed Service Provider (MSP) is an important decision. That's why we've created MSP Lite - a six-month pilot that allows your Trust to experience how an MSP would work in practice before making a longer term commitment.

why choose MSP lite?

try before you commit

Experience the benefits of an MSP across selected schools before deciding on a Trust wide roll out.

reduce administration

Streamline bookings, invoicing and reporting, helping central teams and schools save time.

gain complete visibility

Access live insights into agency spend, fill rates and compliance across participating schools.

strengthen safeguarding

Benefit from robust compliance processes designed to support 100% KCSIE compliance before candidates arrive on site.

framework compliant

Procure confidently through the DfE backed GCA Framework with transparent processes and capped supplier margins.

build future talent

We develop future talent pipelines through university partnerships and CPD initiatives.

proven performance

95%+

overall fill rate
